

MIPET & STRATEGOS Webinar

R&D: Modeling & Simulation per l'Industria

POC: Prof. Agostino G. Bruzzone, Simulation Team President & STRATEGOS Council Chair
0900B-1800B, GMT+2, 13 luglio, 2020 su MS TEAMS MIPET Group (Click Here)

Il Modulo R&D Simulation è sviluppato in cooperazione con Ordine Ingegneri, Partner Companies, Confindustria dall'iniziativa STRATEGOS & MIPET di UNIGE

Questo webinar fornisce esempi e casi di studio su come introdurre tecnologie Innovative nell'Industria. La giornata propone l'uso di sistemi di simulazione su impianti industriali e nei problemi complessi che adottano la modellizzazione e Fornisce le linee guida per sviluppare queste soluzioni

L'intervento prevede la partecipazione di:

A.G. Bruzzone	Strategos Council Chair at Genoa University & SIM4Future Partner
G.De Marchi	Paul Wurth Italia Consultant
G.Zacharewicz	IMT – Mines Ales
I.Flores	Universidad Nacional Autónoma de México

Il Webinar affronta i temi della modellazione concettuale, la simulazione interoperabile, l'uso della High Level Architecture, test, sperimentazione, applicazioni industriali nelle aziende manifatturiere, di processo e altri casi studio

Questo webinar si svolgerà su MS TEAMS; dopo ogni presentazione si terrà una discussione aperta con dimostrazioni interattive, video, laboratori virtuali. **CFP 6 Crediti**

I crediti dell'Ordine degli Ingegneri saranno disponibili per gli Ingegneri Partecipanti

MIPET & STRATEGOS Webinar

R&D: Modeling & Simulation in Industry

POC: Prof. Agostino G. Bruzzone, Simulation Team President & STRATEGOS Council Chair
0900B-1800B, GMT+2, July 13, 2020 on MS TEAMS MIPET Group (Click Here)

The R&D Simulation Module is developed in cooperation with the Ordine degli Ingegneri, Partner companies, Confindustria by STRATEGOS & MIPET of UNIGE

This Webinar provides examples and case studies on how to introduce advanced Modeling and Simulation in Industry. The Webinar presents use of simulation systems to Industrial Plants and Complex problems adopting modeling and providing the guidelines to develop these solutions

The program includes the participation of:

- A.G. Bruzzone Strategos Council Chair at Genoa University & SIM4Future Partner
- G.De Marchi Paul Wurth Italia Consultant
- G.Zacharewicz IMT – Mines Alès
- I.Flores Universidad Nacional Autónoma de México

The Webinar deals with the themes of Conceptual Modeling, Interoperable Simulation High Level Architecture Development, Experimentation and Testing, Industrial Applications in Manufacturing and Process Industries and other case studies

This Webinar runs on MS Teams; after each presentation it will be held an open discussion including interactive demonstrations, videos, virtual labs. **CFP 6 Credits**

Credits of Ordine degli Ingegneri are available for Engineers attending the event.
