

STRATEGOS Webinar

Epidemic Models & Mitigation Actions

10.00-12.00, March 20th, 2020, Webinar at
POC: **Agostino Bruzzone**, Simulation Team President and **STRATEGOS** Council Chair
1st Part of the Webinar will be in English and 2nd Part in Italian

This Webinar provides elements to understand the Pandemic Crisis as well as the Potential of Strategic Engineering in creating Models and Solutions devoted to support Decision Making and to face the Crisis

Pandemics is now the major ongoing World Crisis, therefore **CBRN Threats** (Chemical, Biological, Radiological, Nuclear) have been studied since long time for **Homeland Security** and **Defense** with special attention to the aspect to create models and simulation to develop mitigation plans, predict epidemic development and support situation.

This **Webinar** provide opportunity to discuss needs of our Brave People in front lines on Health Care, Logistics and other Critical Sectors and of our Infrastructures. The discussion will propose experience, models and demonstrations as well as the opportunities provided by **Strategic Engineering, Modeling, Simulation, Artificial Intelligence & Data Analytics** to prevail in this battle.

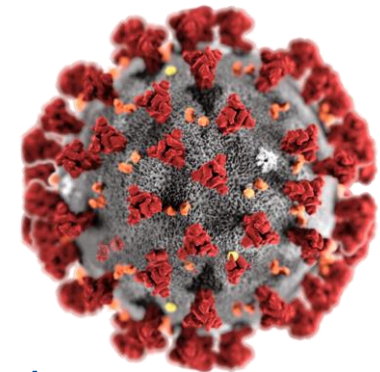

The discussion will involve, among the others:

- o Prof. Agostino G. Bruzzone, **STRATEGOS** Council Chair & Simulation Team President
- o Prof. Marco Frascio, Deputy at DISC and General Chair of Int. Workshop on Simulation for Healthcare
- o Prof. Paolo Scotto di Castelbianco, Unige & former Director Intelligence School at DIS
- o Dott. Federico Luperi, Innovation & New Media Director, ADN Kronos
- o Dott. Andrea Sberze, consulente dell'Ambasciatore in Egitto ordine di Malta
- o Commissioner Massimo Pedemonte, Bomb Squad Commander (Ret.), Italy
- o Dr. Martina Calabresi, Brandnew Pte Ltd., Singapore
- o Young Strategic Engineers from **STRATEGOS**

This **Webinar** is part of a **Security Seminars Workshops** organized by **STRATEGOS** in **Genoa University**
