

Student Checklist for 1 Year 1 Day to be more effective on Campus Interviews PLEASE CONSIDER JUST THIS ONE

1 Year 1 Day offers a great opportunity to Companies to meet with young Engineers and Scientists of Genoa University At the same time, **1 Year 1 Day** allows young and highly qualified engineers to complete **the Interviews of One Entire Year within a Single Day**

Please consider the following checklist as useful recommendations to be more effective:

- Companies at **1 Year 1 Day** are looking for qualified Engineers, not just taking a tour: several ones in previous edition come by travelling over 250km and usually they involve 1-3 people (working value ~300-5000\$) just to talk with you. They are searching for talented Engineers so be professional and present yourself properly including your attire.
- The **Campus Interviews** are your opportunity to present yourself and learn what Companies want and how they select their people , so do as many as you can in professional way
- Usually between 20 and 40 Companies are involved 1 Year 1 Day (ranging from companies with few employers up to over 100'000), we suggest your to complete at least 12 **Campus Interviews**, if possible 20.
- Keep connected by **1Year1Day MS Teams** and review info on **Smart 1Y1D** www.simulationteam.com/1year1day
- Check info about Companies Activities before your Interview through **Smart 1Y1D** and web
- Don't underestimate the opportunities offered by Companies that you don't know or Small Enterprise, require to complete interview with them as well as with big player: they offer pretty interesting working opportunities
- Companies will deliver Short Speeches by Video Streaming, as it will be scheduled in the **AGENDA** on www.simulationteam.com/1year1day, if you watch them you will have more opportunities on the interviews.
- **Virtual Campus Interviews** could start since March 30 Morning by Web, so be ready to experience what the Companies are looking for.
- On the **MS Teams Chat** you will find lists to sign request for interview for each company
- Consider that you are an **ENGINEER** from one of the world Best Universities and even if your specialization is important, the crucial element is your strong background, your personal potential & professional approach. So don't restrict your interest just to Companies in your specific sector
- Be always professional and fair at **Campus Interview**, we provide you this opportunity... use it!
- Prepare your Curriculum Vitae and upload it so you will be on the Student List to be called for interview. Upload your name and CV on <https://piazzastudenti.aulaweb.unige.it/enrol/index.php?id=53>
- **1 Year 1 Day** is mostly focused on jobs for new Graduates, but it is very useful also to activate Thesis, Internship, Part Time Jobs for students, so consider to attend asking Companies for these opportunities
- **1 Year 1 Day Preparation Meeting is cancelled, but you can ask to Colleagues attending previous edition**

Note: Do you know why we write this communication in English? ...to provide useful information to you for finding a good Job, to guarantee that our Students will appears as they should appear to Company Eyes, to provide Companies a valuable service devoted to reinforce our cooperation in Real Projects and... to guarantee that this benefits is especially available to Engineers that are curious, smart, proactive and deserve it.
