

NATO M&S Basic Course 2021

Starts: 09 November 2021 - Ends: 12 November 2021

Published: 27 August 2020

The NATO Modelling & Simulation Centre of Excellence will conduct in November the new edition of the NATO M&S Basic Course. The course objective is to deliver basic knowledge about the M&S use in the military context, and it has been accredited by NATO Joint Force Trainer as "NATO Approved". The course is open to military and civilians from NATO and PfP nations.

Due to the worldwide Covid-19 situation, this edition of the course will be conducted exceptionally and for the first time in e-learning mode.

Course Preliminary Content: Admin and logistic information

- Introduction into M&S
- M&S applications in military
- Statistics, Probability, Randomness for M&S
- Model Development and use case
- M&S in support of training
- Interoperability/Distributed simulation
- M&S in Concept Development & Experimentation
- Verification, Validation and Accreditation
- M&S in support of Decision Making
- Final Test
