

STRATEGOS Webinar

Strategic Engineering Foundations

M&SNet

Foundations of Modelling and Design of Complex Systems

POC: Prof. Agostino G. Bruzzone, Council Chair STRATEOS University of Genoa
1400-1700A CET, Feb 21, 28 & March 7, 2022, Blended in DIME MIG & STRATEGOS Webinars Group (Click Here)

The Module is developed in cooperation with the Industrial and Institutional

Partners by STRATEGOS of UNIGE

These Webinars propose the foundation of **Strategic Engineering** as new Discipline able to combine M&S (Modeling & Simulation), Data Analytics, AI (Artificial Intelligence) and IA (Intelligent Agents) in closed loop with reality to support Decision Making.

The innovative components of this approach are presented in relation to real problems and cases.

These Webinars include Virtual Experience and interactive demonstrations
