

STRATEGOS Webinar

Foundations of Mathematical Modeling & Continuous/Discrete Simulation

POC: Prof. Agostino G. Bruzzone & Roberto Cianci, University of Genoa

0900-1300A CET, Feb 21, May 2 & 16, 2022, Blended in DIME MIG & STRATEGOS Webinars Group (Click Here)

These Webinars propose the foundation of **Mathematical Modeling and Simulation** as one of the Pillars of Strategic Engineering. The topology of Simulation Sciences and related classes is proposed as well as examples to understand how to use it on problem solving and in respect to Design of Experiments (DOE) and Analysis of Variance (ANOVA). These Webinars include Virtual Experience and interactive demonstrations based on Models devoted to address realistic problems.

This Webinar runs on MS Teams and will provide Virtual Laboratory experience on different cases and will be chaired by Prof.A.G. Bruzzone & Prof. Cianci. This is in cooperation with MIPET & STRATEGOS as well as with Ordine degli ingegneri and it provides 4 credits each day
