Sharing the reports in different newspapers like AJJ, MASHRIQ, KHYBER.

Projects

My final year project of the bachelor in university is “PDF Reader With Dictionary Android Based Application”. The work of this project when to launch the application it will collect all the PDF files from mobile and will show it in series. The user can choose the file just click on the file and will load to open easily. Easily to scroll and if the user had faced with difficult word in English or in Urdu. They just click on the icon of the dictionary which is already shown in the right corner of the screen. The dictionary will open in the same screen and easily find the meaning of difficult word in English and Urdu both of languages.
